Boca Raton, Fl 33431

Dear Dale,

I want to personally thank you for the incredible job you have done in renovating, designing and decorating University Village.

We presented you with a huge challenge of transforming our community. It was our desire to upgrade the community and make the transition from a casual to an elegant environment. You have exceeded our expectations!

Your indeed are extremely knowledgeable and have impeccable taste. You were very helpful and made many valuable recommendations for improvements. Your understanding of seniors and how to meet their needs in your design was evident.

It is not easy to make major changes to a community that has been operational for so long and we were quite concerned how the residents would react. The resident comments have been extremely positive and even our Resident Board has described your work in our Grand Lobby as exhilarating!

The Buffet Dining Room was a brand new concept for us and we are so excited at the response from the residents. They love it!

Your work is very much appreciated and I know it will help us to market the community and contribute to our continued success for the future.

Sincerely,

Tim Parker  
Executive Director
